## Directors' report to shareholders

#### Unaudited Results for the Six Months to 31 December 2022

Quayside Holdings Limited and subsidiaries ("the Group") is pleased to announce its Group Net Profit after Tax (NPAT) for the six months was \$62.7 million (2021: \$81.0 million), a decrease of 22.6%.

These financial statements often reference the two governance structures being:

- Quayside Group comprising Quayside Holdings Limited (Parent company) and its directly controlled subsidiaries (Quayside Securities Limited, Quayside Unit Trust, Quayside Investment Trust, Quayside Properties Limited, Aqua Curo Limited, Quayside Barnett Place Limited, Quayside Tauriko Limited, Quayside The Vault Limited, Quayside Te Papa Tipu Limited, Quayside Mystery Valley Limited), its joint ventures and its equity accounted investees. Quayside Group has investments in equities, shares and other assets.
- Port of Tauranga Group comprising the Port of Tauranga Limited and its subsidiaries and its joint ventures and its equity accounted investees. The Port group is owned 54.14% (2021: 54.14%) by the Quayside Group.

The performance of the Group is comprised of the result from the 'Port of Tauranga Group' (Port segment) and the 'Quayside Group' (Investing segment) as follows:

#### Port of Tauranga Group Performance

Port of Tauranga Group increased its profitability for the first six months of the 2023 financial year as it deals with ongoing cargo volume volatility. Net Profit After Tax for the six months to December 2022 was \$62.7 million, a 11.3% increase on the same period versus the previous year. Operating revenue increased 13.9% to \$211.9 million due the implementation of a new infrastructure levy and congestion surcharges which were only introduced in the second half of the previous financial year. Operating expenses increased 17.5% due to generalised inflationary pressures.

Subsidiary and Associate Company earnings is stable compared to the previous corresponding period, reflecting stable earnings over the period by equity accounted investees.

The critical infrastructure berth extension project is due to be heard in the Environment court over a three-week hearing starting late February 2023. This comes after delays to the hearing as a result of COVID in 2022.

The Port has declared as a subsequent event, in its 31 December 2022 interim accounts, a fully imputed interim dividend of 6.8 cents per share, providing Quayside for future cash flow of \$25m.

#### **Quayside Group Performance**

The Quayside Group reported an operating profit of \$25.4 million (2021: \$24.6 million) after tax for the first half of the year. This result excludes distributions from Port of Tauranga Group. Of the reported profit, \$3.2 million is cash income (ex-Port of Tauranga dividend) and \$4.9 million is represented by unrealised gains (based on 31 December 2022 valuations).

The biggest contributor to the Quayside Group's performance is the listed asset portfolio, with \$3.0 million of dividend paid in the first six months of the year.

The private equity portfolio generated \$1.6 million in unrealised gains as of 31 December 2022. Positive returns from unlisted investments are classified in Other Income.

The Quayside Group paid dividends to Perpetual Preference Shareholders during the period of \$1.7 million in accordance with its prospectus. Net dividends paid during the period to the Bay of Plenty Regional Council were \$21.2 million (2021: \$20.0 million) in line with the current Statement of Intent.

#### **Statement of Intent**
